GLEICHEN, ALBERTA, WEDNESDAY

TOWN AND DISTRICT

F. K. McKay and Master Roscoe are
pending tour days at Calgary.

Mrs. F. K. McKay left last week
to visit her old home in Nova Scotia.

T. H. Beach, wife and family left
Friday to spend a vacation at Banff.

Harry Scott stated Monday he was
preparing to start cutting oats today.

Mrs. A. R. Jones has gone to Cal-
gary to visit Mallory for a short
time.

Henderson and Mallory have some-
thing of interest to farmers in this
at this issue.

Miss Nettie Brown of Calgary is
visiting her parents Mr. and Mrs. E.
W. Brown.

The train is leaving a half day early
this week in order to take in the
stampede.

From all directions riders have
been arriving since Monday ready for
the fray today.

Many a newbait is feeling better
about the red boots they cut their coat
and settled up.

While some crops are taking on the
beautiful golden color, others are still
quite green in appearance.

Allowing for favorable weather the
work of the binder will be general
throughout this district by the end
of the week.

Arrowood and Meadowbrook played
a baseball game Monday evening at
the Gleichen diamond, Arrowood win-
ning by 7-5.

Major and Mrs. Lewis have re-
turned from spending a short vacation
in the mountains going as far
west as Vancouver.

Mrs. Peter Maclean presented the
Call with one of very finest bouquets
of sweet peas, yesterday morning we
were very—thank.

Mr. Ott Wilson and Mr. Cecil Lewis
left by car Sunday for Calgary and
from there are going on to Leth-
bridge.

Johnny Louch, who has been
pitching ball for Moosebrook, left
Sunday for the Eastern States where
he has been engaged to play hockey
next winter.

No matter which way you drive, if
you don't drive the right way it may
be the way to jail.

Mr. and Mrs. G. T. Jones and Mr.
and Mrs. Lyle have returned from
a week's joy ride, during which they
visited Waterton Lakes and many of
the towns south, returning by Cal-
gary.

That was quite a rain Monday night
and at noon Tuesday. Some main-
tain it was not needed and others that
it will help—that's that, but let Oil
did get real busy now awhile.

The nice thing about being a man
is you don't have to stay home after
you wash your head.

Yesterday the Blackfoot brothers
and sisters too were out in full force
to receive their hard-earned cash-
es, and spend it. They'll all be
out again today in full dress.

It may be that the mills of the gods
grinds slowly because they get paid
for overtime.

The baseball tournament held at
Meadowbrook last Friday was well
attended. Candeland won first place
and Meadowbrook second place. The
dance which took place in the even-
ing was attended by a very large
crowd and a most enjoyable evening
was spent.

Sixty Monday horses have been
quietly coming in to the stampede
today, the largest group comprising
of about 30 animals. Forest Hoss
and George Roberts brought in a
hunch from Crawling Valley. There
were many fine animals among the
wild ones that should give the cow
girls and cowboys plenty of real ex-
citement. The wild sters and cows
are here and with anything like good
weather there will be many thing
worth seeing.

**MINUTES OF
BLACKFOOT
M.D. MEETING**

(Continued from page 1.)
Council that the week-end on N. W.
2-23-24 were left unharmed as
were blowing over the surrounding
area. The Mead Inspector stated
that he had ordered these week-ends
as well as those on the 24th of 192-
2-4 and was taking steps to have

Ex-Mayor Hyndman And Family Leave

Mr. and Mrs. C. B. Hyndman
and family left on Monday to
motor through the mountains to Van-
couver, where they will make their
home in future. By their removal
Gleichen loses some of their best
citizens and their friends while
greeting their departure are pained
to know they are bettering them-
selves in no small degree.

For several years Mr. Hyndman
was manager of the Crown Lumber
Co. here and served on the Town
Council, later becoming mayor. In the
matter of financing he proved the
best mayor Gleichen has had and his
credit is due to him that this town's
financial condition is in the good
shape in which he took up the
work of secretary-treasurer of
the Municipality and it is
now one of the most flourishing mu-
nicipalities in the Province of Al-
berta, man's efforts.

Through his old friend, Mr. Geo.
Matthews, he has been appointed au-
ditor for the Retail Merchants As-
sociation of British Columbia.

them all around.

Coun. Burnard: That the mat-
ter be left with the weed inspector
Smith—Carried.

The application of some fifty
dividends for the position of secretary-
treasurer of this Municipality were
then read, among them being that
of our road commissioner Mr. Wright.

The council were unanimous in
their opinion that recognition should
be taken of the splendid service
rendered this Municipality by Mr.
Wright and that promotion be dis-
posed of the municipality would be
served by retaining him in his pre-
sent position at an advanced salary.

If that would prove acceptable, the
matter was discussed at some length
Coun. Daw: That we retain Mr.
Wright in his present position and
increase his salary to \$2400.00 per
year, provided he is satisfied to do so
—Carried.

On being communicated with Mr.
Wright stated that he would accept.
Before continuing any further ap-
plications it was thought best to dis-
cuss on what salary should be paid
the successful applicant.

Coun. Dunstan: That the year's
salary of our new secretary be set
at \$2000.00 to start—Carried.

The applications were then consid-
ered and the following five selected
to vote upon:

Messrs Maclean, and Murray o
Gleichen, Mr. Fisher of Calgary, Mr.
Thompson of Sunnysnook and Mr.
Chard of Cluny.

On the vote being taken Mr.
Thompson of Sunnysnook was declar-
ed elected.

Coun. Elder: That we accept th
appointment of Mr. Thompson o
Sunnysnook and hereby appoint him a
Secretary-Treasurer of this Munic-
ipality at the salary as agreed—Car-
ried unanimously.

Mr. Thompson was called to the
meeting and informed of his appoint-
ment, at the salary to be paid to sta-
and that if his services proved satis-
factory the council would consider
revision of his salary otherwise his
services would be dispensed with.

Mr. Thompson stated that he would
accept the position and would do his
best to fill the position to the satis-
faction of this Council.

Coun. Dunstan: That we pay ou
retiring secretary, Mr. Hyndman, th
sum of \$1000.00 over and above his
salary and payment in full for all
distional services rendered to this
municipality—Carried unanimously.

The retiring secretary's letter
thanked the Council for the gen-er-
ousness of their appreciation and an-
nounced that he would continue to in-
terest the progress of this Munic-
ipality.

Coun. Maynard: That we hold ou
next regular meeting on Saturday the
27th, inst. at 10:00 a.m.—Carried.

The Most Amazing Quality in Chevrolet History

QUALITY in design. Quality in con-
struction. Quality in appearance.
Quality in performance. Never before
has any low-priced car possessed them to
such an amazing degree—because no other
low-priced car combines the progressiveness
of Chevrolet and the diversified experience,
the vast resources and the matchless facilities
of General Motors.

Study today's Chevrolet. Mark well the ar-
tistic beauty of its lines—the superbly
assured details of its fluted-bulb bodies.
Then go for a ride. Revel in the thrilling
sport when you "step on the gas". Delight
in the smooth operation—the swift sweep of
the steering wheel. Marvel at the way the car
hugs the road, the ease with which it
grips the steering wheel, the diversified expe-
rience and the matchless facilities of
General Motors.

Here is quality expressed in terms that mil-
lions now can understand and enjoy. Here
is quality obtainable at low, lower prices,
which reflect the savings in tremendous pro-
duction and which demonstrate the will-
ingness to share these savings with the public.
Here is a car of amazing quality... for
everybody, everywhere.

PRODUCT OF GENERAL MOTORS OF CANADA, LIMITED

MAKING A CONVENIENCE OF A
BUSINESS

Many there are who make of a legiti-
mate and well-established business noth-
ing but a convenience—a place from
which to get further afield. They do not
hesitate to send their good money away
for many things they need, and which
could just as satisfactorily and much more
promptly be supplied by their home mer-
chants and dealers. No business, no mat-
ter of what nature, can long exist on this
sort of patronage. Nor is it fair to ex-
pect that it should. The public expect to
receive services as and when they demand
it; but many do not do their part in mak-
ing this possible.

There are manufacturing industries
with fairly complete equipment, which be-
cause of such lack of consideration are idle
much of the time. It is not the patent to
that a busy plant can operate much more
cheaply than one which is working only on
part time. Therefore it should be the pol-
icy of all to place their business of what-
ever kind it may be with the local plant or
factory to the end that it may be kept
reasonably busy and thus be in a posit ion
to give its best service.

When it is printed matter of any kind,
remember the plant and equipment of

Sept. 22—50th Anniversary of Signing of Blackfoot Indian Treaty.
Sept. 10—Made in Canada Sale, Gleichen Community Hall dining Room, 3 p.m. refreshments in evening.
Sept. 23—Gleichen District Annual School Fair.

Here and There

Living births in Canada during 1926 totalled 232,205, the birth-rate for the nine provinces being 24.8 per thousand of population. Deaths at all ages numbered 107,318 in the Dominion, a rate of 11.4 per thousand. Excess of births over deaths in the year was 124,887. A total of 66,570 marriages were reported during the year.

The general cool weather for this season of the year in British Columbia and the amount of moisture about has saved a great deal of timber from destruction by fire. So far this year there have been only 216 forest fires in the province, as compared with 570 for the similar period of last year. The present condition of the woods are excellent.

As a sign of agricultural progress in the west and industrial prosperity here, the International Harvester Company, Limited, have just sent two of the largest trainloads of threshers ever shipped to the west over C.P.R. lines from the east, the first train consisting of 43 cars with 111 threshers and the other of 40 cars containing 103 threshers.

DALZIEL BUSINESS COLLEGE OFFER

SPECIAL SCHOLARSHIP

Young people within the limited means who are ambitious to improve their position in life by taking a business course, are to be given a rare opportunity to do so by the Dalziel Business College, which is offering 20 scholarships, 10 at 25 per cent. less than the usual fee and 10 at half fee. These scholarships are to be won in open competition, the entrance fee of which is 25c. Entering the competition does not obligate the candidate to take the business course, but all who win the scholarships must be ready to enter the college not later than September 1st, 1927.

A short test paper will be submitted to each candidate covering questions of an elementary nature which the management says every reader should be able to answer. The examination will be conducted at the Dalziel Business College, 144 Seventh Ave. East, Calgary, and the decision of the principal shall be deemed final. The closing date for entries is August 22nd and the examination will be conducted every day from August 22nd to August 31st, inclusive.

Despite the fact that he is publishing a weekly newspaper at Dearborn as a side issue, Henry Ford made a billion dollars in the motor business.

The man who talks to himself wants to hear something he can believe.

Calgary, Alberta

TOWN AND DISTRICT

Mrs. Menard returned last week from visiting Mrs. Mooney at Fernie.

Raymond Cunningham and Ver. Green have returned from Detroit and other points in the Eastern States.

That Fort Churchill is to be the Hudson Bay railroad terminal has been decided and the road is to be completed in the fall of 1929.

Mrs. Brereton has been visiting her daughter Mrs. B. Payne since last week. Her numerous friends are pleased to see her once more.

The Call has to thank Mrs. Busby beautiful bouquet of flowers and a nice lot of carrots and a fine big cauliflower, all the best and largest yet sent to this office of this year's growth.

Geo. Matthews spent a day in town last week meeting his old friends and customers. He is now secretary of the Retail Merchants Association of British Columbia and stopped over in Gleichen on a return trip to Ottawa where he went in the interests of the Association. By appearance life on the juicy coast agrees with him and he said his new position suited him fine, which is natural as all know he has special ability in that direction.

Dr. T. F. Holt visits Standard and Milo once each week prepared to do all dental work. Call on him and give him a trial. 1341

Shouldice will be in the lime light on Friday, Aug. 19, when a baseball match will be played there at 2 o'clock that afternoon, followed by a horse-shoe pitching contest, and good old-time dance in the evening. Every one will look forward to having a good time and a big crowd is anticipated.

Besides his varied business interests among which are fox farming inventor of several excellent mechanical devices, F. E. Pobst has now invested in a steam automobile, which has been attracting no little attention of those interested in auto novelties. The steam cars run up in the thousands and Mr. Pobst's friends are expecting that with his many interests he will soon be working on his second million.

Completing the first boatload, a train left Albert during the past week for Quebec carrying 359 head of horses purchased in the province by officials of the Union of Soviet Socialist Republics. Included in this cargo from Quebec will also be 598 head previously shipped east, bringing the total number of horses purchased by the Russian government in Alberta during the past month up to 957. It is expected that buying for further shipments will again commence at points in the south and southeast of the province.

NEW REGULATIONS FOR ANGLERS

The catch limit per day of cut-throat, rainbow, Loch Leven and Dolly Varden trout has been reduced to twenty, according to new regulations for the provinces of Alberta and Saskatchewan. This limit applies also in the case of grayling and Rocky Mountain whitefish, while the limit for other fish is as follows: Lake trout, 10; perch or goldeyes, 25; pike or pickerel, 15; bass, 5. In the case of perch and goldeyes no one shall catch and retain more than 25 of either species or both species than will in the aggregate number more than 25, the same regulation applying to pike and pickerel.

AMIEE McPHERSON

For seven or eight months now our Canadian and American dailies have given a great deal of front-page space to the doings and sayings of Amiee McPherson. We have scanned with considerable disgust pages of the nauseating details of every manner of crime, murders triangle difficulties, etc., but we must confess that never have we been so completely sickened as we have been by the inevitable "Amiee" stories as we have them forced on each day in our dailies' front columns. First of all it was Amiee's kidnapping and trial. Whether there was guilt or no, we think that the publicity which was accorded the Los Angeles evangelist and her temple of worship, not forgetting her Ma will ever remain to stigmatize our generation with some form of curio morbid degeneracy. We are here rather pardoning the news monger because if the average reader rebelled against such news it could not be capitalized as it now is. "Oh Rom thou hast lost thy breed of noble bloods." Sorry commentary, indeed on our day and generation. When shall we have a public protest to the regaling to our reading public of such trash as the Amiee McPherson stories? What man with a spark of manliness in his make-up does not find his blood boil when he finds in his family daily whole pages devoted to such utter buncombe as the incident of last week, the quarrel between "Amiee" and "Ma"? Exasperating does not fully express it. We feel like crying out in our despair, "O tempora, o mores!" When shall we have an end of it?—Western Catholic.

A woman, whose husband died recently, leaving her \$2,000 life insurance, reported the sad news to her eastern relatives thusly: "Jim died this week. Loss fully covered by insurance."

Big Horn Brewing Co. Ltd.

1. The Tallest Officer and Smallest Bellboy on the Ship. 2. Captain R. G. Latta, R. N. R., Commander of the Empress of Australia. 3. Latest Photo of the Canadian Pacific Empire of Australia.

Formerly on the Pacific Service of the Canadian Pacific Steamships Limited plying between Vancouver and the Orient, the Empress of Australia has for the past six months been in Great Britain, in the hands of Fairfield Shipbuilding Company by whom the vessel has been completely re-engined and re-conditioned, so that she is entering the Atlantic service in her new career virtually a new ship.

This luxurious vessel displaces 21,360 tons, and carries 1,176 passengers. In the luxury of her fittings the Empress of Australia is the pride of the Canadian Pacific fleet. Especially attractive are the high-domed dining rooms in the style of the

French Regency and the Louis XIX, smoking room with its oak panels and tapestry decorations. Tourist third class passenger traffic across the Atlantic which is greatly on the increase, is catered to on generous lines, the accommodation provided being equal to what most first class passengers got twenty years ago.

The Australia took her first trip from the Clyde to Southampton in June and answered every test. She developed four knots a hour above her schedule with a fuel consumption less by fifty per cent. At Southampton Mayor P. Boyer, who is also ex-officio admiral of the Port, headed a civic welcome to the ship and was welcomed on board by Sir George

McLaren Brown, European General Manager of the Canadian Pacific. Under the command of Captain R. G. Latta her second voyage will be honored by the Prince of Wales and Premier Baldwin of Great Britain and Mrs. Baldwin, on July 23. Commander Latta is known to thousands of passengers from all parts of America and the British Isles, having been in command of the Round-the-World cruises of the Empress of Scotland. This winter, however, the world-cruise ship of the Canadian Pacific sailing on this well-known four-months voyage to the four corners of the earth from New York in December.

The itinerary of the party of one hundred British newspaper men who will arrive at Quebec August 12, provides that during the month they are in Canada the Britishers will visit practically every corner of the Dominion and, besides visiting every city of importance, have an opportunity of studying at first hand Canada's natural resources and investment possibilities. They will travel across Canada and back on Canadian Pacific lines.

A thriving new industry in Southern Alberta, which is making progress and is full of promise, is that of the raising of polo ponies. Three ranches are engaged exclusively in this industry and ranchers and farmers are coming increasingly to engage in it as a side line. About five carloads or one hundred polo ponies leave Southern Alberta annually for the United States.

The Development Branch of the Canadian Pacific Railway in co-operation with Macdonald Agricultural College is conducting experiments on the farm of Donald Fraser at Plaster Rock, N.B., to ascertain whether gypsum, of which there are large deposits, has special value in connection with potato culture. Members of the staff of the college are supervising field tests on the farm.

Ottawa, Ont. — Canada's total wheat yield for the season 1927 is forecast at 325,075,000 bushels by the Dominion Bureau of Statistics. The estimate for the three Prairie Provinces is 305,052,000 bushels and for the rest of Canada 20,023,000. The total yield of oats is estimated at 389,758,000 bushels, of which 226,297,000 bushels is assigned to the Prairie Provinces. Barley is estimated at 88,830,000 bushels, of which the Prairie Provinces are expected to furnish 71,724,000 bushels. Rye is given at 12,169,000 bushels, of which 10,564,000 is allowed for the Prairie Provinces. For flaxseed, 5,519,300 bushels is estimated, of which all but 107,000 bushels is allowed for the Prairie Provinces. Absence often makes the heart grow fonder of someone else.
